Bowlers MUST have 9-Game Average as of 01/31/25 or 21-Game Book Average from 2023-2024 Season. See Rule 6 Below.

Tournament Rules:

1. The tournament is open to any USBC/CTF sanctioned bowler.
2. The tournament dates shall be February 1, 2025 through February 28, 2025
3. Payment of the entry fee (both bowlers) must be received by Dogwood prior to the start of bowling.
4. Bowlers who bowl in more than one league may enter as their own partner as long as they declare which two leagues they will be using.

Per Bowler Rules:

5. Scores used shall be the first two weeks bowled during regular league competition during the stated period of the tournament. The bowler will use their highest 3 Games Bowled Scratch. (*Dogwood will add in the handicap to the highest 3 games bowled.*) If a bowler is absent during any league play during the tournament, their score for the game will be zero.
6. *The entering average used shall be the bowler's average as of 01/31/25 (minimum of 9 games required) on the league from which the bowler is entering. A signed and dated copy of the League Standing Sheet reflecting the appropriate average information must accompany the entries from the league (If not from a local ATL league or Stats cannot confirm average online)
7. Handicap will be calculated as 90% of the difference between 240 and the bowler's entering average.
8. If a current average is not valid, the highest 2023/2024 book average (minimum 21 games) will be used. No negative handicaps shall apply. For leagues that bowl more than a three game series, only the first three games per night shall count toward tournament entry.
9. The Dogwood Stats Chair shall verify all the scratch scores for each game.

Per Pair Rules:

10. The maximum total average of the two bowlers shall NOT be greater than 450. Any entry with a combined average over 450 will be disqualified.
11. The Winner will be the score containing the best 3 games of bowler 1 plus their handicap ADDED TO the score containing the best 3 games of bowler 2 plus their handicap.
12. Payout ratio shall be 1 for each 8 entries.

If your league does not participate in online posting of scores with either LeagueSecretary.com or Bowl.com, please send to: secretary@DogwoodBowl.org and statistics@dogwoodbowl.org
